Cleaner and Degreaser TEC7 Cleaner

Information

Dimensions	24x6 cm
Pack size	23.9x6.9x6.5 cm
Net weight	400 g
Gross weight	430 g
Catalogue page	399

Clean – degrease – finish

- Recommended for cleaning the materials to be bonded before and after using TEC7. Very important: cleaning of hands and fingers during the glueing process. The mechanic will appreciate it.
- Quick and safe removal of grease and dirt from all surfaces such as wood, metal, stone, tile and most plastics. Does not attack surfaces: Plexiglas, varnished wood, powder-coated surfaces, glass, etc. get no „matt“ effect.
- Used for degreasing and cleaning tools and workshop equipment
- Removes glue residues of stickers/labels
- Removes residues of contact adhesives, wax, tar, etc.
- Also serves as a joints spreading agent
- Spray TEC7 Cleaner on TEC7 mass and fingers, then spread it out

Specifications

Colour	colourless
Content	500 ml
Type	TEC7 CLEANER
