Camping Light Mini On Solar

Phaesun 

Information

Dimensions	15.6x7.5x8.8x6.8 cm
Pack size	16x9x9 cm
Net weight	400 g
Gross weight	400 g

The compact and robust LED light with foldable solar panel can be used for many purposes outdoors. The integrated battery (1.8 Ah, 3.7 V) is not only suitable for long-lasting lighting, but can also power smartphones and other USB devices. The camping light can be charged completely independently of a power grid thanks to the foldable panel. It is dimmable and can be easily attached using a magnet.

Specifications
