

Item no. 303/182
Manufacturer's no. LP4121

Diaphragm Pump SOFTSERIE® Drinking Water System WeißGELB®, 1.4 bar | 7.5 l/min

Information

Dimensions	125 x 110 x 205 mm
Pack size	28.5 x 13.5 x 12 cm
Net weight	2 kg
Gross weight	2.3 kg
Catalogue page	440

The LILIE SOFTSERIE® fresh water diaphragm pump is a refined version of the tried-and-tested LILIE CLASSICSERIE™ and offers particularly smooth and quiet operation thanks to its innovative features.

The central innovation is the flow-optimised 4-chamber diaphragm, which, in combination with a newly developed, smooth-running motor and an integrated bypass control, enables a particularly even and quiet water flow. This mechanical bypass control makes a significant contribution to noise reduction by minimising the rattling of the pump both when starting up and when closing the tap.

Each pump has a check valve that can withstand pressures of over 13 bar, which further increases the safety and efficiency of the system.

With a 2-year warranty, the manufacturer emphasises their confidence in the reliability and durability of this high-quality diaphragm pump.

Specifications

Connection	½" AG
Pressure	1.4 bar
Static head	2.5 m
Output	7.5 l/min
Cable length	0.5 m
Nominal capacity	50 W
Nominal voltage	12 V
Nominal current	4.2 A
Certified for drinking water	Yes
Type	LP4121
Variant	1.4 bar 7.5 l/min
