All-In-One Solar System SPR Caravan Kit Solar Peak LR1218

Phaesun

Information

Dimensions	1520x690x50 mm
Pack size	156x68x7.5 cm
Net weight	10.5 kg
Gross weight	11.5 kg

The perfect solution for generating energy for your recreational vehicle

The complete package includes a powerful 120 W solar panel, which is manufactured using the latest technology to maximise energy yield in all weather conditions. The included Schaudt LR 1218 solar charge controller ensures safe and efficient charging of your batteries by preventing overcharging and extending the life of your battery.

Installing the system is child's play thanks to the Easy Mount One panel fastening kit and the roof cable routing. With the Easy Bond One adhesive kit, you can mount the solar panel securely and permanently on almost any surface without damaging the structure.

The 5 m long QuickCab4 panel cable and the 1.5 m long battery cable with integrated 20 A fuse ensure a problem-free and secure connection between the solar panel and the battery. In addition, the adapter cable for EBL enables flexible integration into existing energy supply systems.

This all-in-one solar system is the ideal choice for anyone who wants to be independent of external energy sources.

Scope of delivery:

- 1 x solar panel 120 W

Specifications

Cable length	0.9 m
Short circuit current	6.46 A
No-load voltage	24.1 V
Number of panels	1
Nominal power solar panel(s)	120 Wp
Nominal voltage	12 V
Type	LR1218 120 W 12V

- 1 x solar charge controller Schaudt LR 1218
- 1 x fastening kit Kit Easy Mount One
- 1 x roof cable routing
- 1 x adhesive set Easy Bond One
- 5 m panel cable QuickCab4
- 1,5 m battery cable with fuse (20 A)
- 1 x adapter cable for EBL
