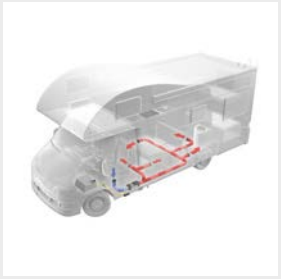
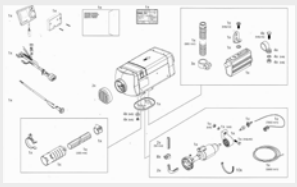
Frankana®





Item no. 311/020
Manufacturer's no. 9032155D

MADE IN GERMANY

Air Heater Air Top 2000 STC

Webasto Feel the Drive

Information

Dimensions	310 x 120 x 118 mm
Pack size	56 x 38 x 23 cm
Net weight	2.6 kg
Gross weight	7.6 kg
Catalogue page	541

Specifications

Fuel consumption	0.24 l/h
Nominal voltage	12 V
Type	2000 STC

Low energy consumption, flexible installation and operation

Air Top air heaters are extremely low in their energy and diesel consumption while running quietly. Their flexibility can be seen in their installation, in particular. They can be installed outside, in the interlayer or inside the vehicle, either as an independent heating system or as an addition to already existing systems.

Advantages:

- Powerful, compact heater with proven efficiency
- Easy installation below or inside the vehicle
- Constant room temperature, infinitely adjustable regulation
- Manual height function
- Low energy consumption, quiet operation
- Efficient control of the heating output control function
- Complete installation kit for quick retrofitting
- **Preset clock:** allows you to perfectly time your comfort temperature. You can programme a maximum of three start times for your auxiliary heating per day.
