Thanks to innovative 2-stage filter technology, the BeFree AC Bottle not only removes bacteria and sediments but also reduces unpleasant tastes and odours through the activated carbon filter. This results in tasty water – clear, fresh and safe.

The reusable water bottle is made from durable, BPA-free materials and enables hydration without single-use plastic. The filter is easy to clean and provides consistent performance over many refills.

Advantages:

- 2-stage filtration system with activated carbon
- Removes bacteria, sediments, chlorine and odours
- 0.7 l capacity – ideal for on the go
- Lightweight, flexible and space-saving
- Alternative to single-use bottles
