

Item no. 320/424
Manufacturer's no. 1173070010

Rechargeable LED Work Light, CL 1050 MA Clip, 950 lm, IP65

Information

Pack size	19.2 x 10.5 x 10.3 cm
Net weight	400 g
Gross weight	530 g

The portable, battery-powered LED work light convinces with more flexibility and functions for versatile use. Thanks to the stable clip system (clamping width up to 55 mm), the compact LED work light can be easily attached to work surfaces, pipes, plates, etc. It therefore offers a bright, glare-free light and ensures that you have your hands free when working. The three switching levels (100%/50%/25%) allow individually adapted illumination. The shatterproof and impact-resistant plastic housing protects the LED spotlight from damage and offers IP65 protection (dust- & splash-proof). Thanks to the ball bearing and the integrated ball joint, the inclination angle of the LED construction spotlight can be flexibly adjusted by almost 360° and individually aligned in all directions. In addition, the work light equipped with SMD LEDs convinces with the following features:

- Lithium ion battery 3.7 V/2.5 Ah with charge indicator
- Lighting duration up to 12 h
- With integrated USB power bank
- USB charging cable type A/C
- Colour temperature: 6350 K
- Protection class: IK08

Specifications

Colour	black
Luminous flux	950 lm
Nominal capacity	10 W
Nominal voltage	3.7 V
