

Item no. 321/188
Manufacturer's no. 1081010100

CEE Plug 230 V/16 A

Information

Dimensions	137x54x56 mm
Pack size	13.7x5.6x5.4 cm
Net weight	120 g
Gross weight	130 g

- CEE plug for versatile applications
- Integrated LED voltage indicator for quick function check
- IP44 protection rating for indoor and outdoor use
- Robust and durable design
- Reliable power connection for professional applications

The Brennenstuhl CEE plug impresses with its robust design and is ideal for use at campsites, in workshops, and outdoors. The integrated LED voltage indicator allows for quick verification of voltage presence, providing greater convenience and safety during use.

Thanks to the IP44 protection rating, the plug is protected against splashing water and the ingress of foreign objects. The durable housing ensures reliable power supply even under demanding conditions.
