Secure grip and reliable heat protection for the RoadBaker

The RoadClips provide optimal protection when handling the hot RoadBaker. Made from high-quality, non-slip silicone, they reliably protect your hands from burns. The textured surface ensures that you have a secure grip and better control when you lift or move the oven.

Suitable for temperatures from -40 to 240 °C, the RoadClips are versatile and can withstand high temperatures. Thanks to dishwasher-safe materials, they are also particularly easy to clean.

Warning: the RoadClips must be removed before heating the RoadBaker!

Specifications
