PP Awning Strap Tie Strap

Information

Pack size	18.9 x 15.6 x 5.4 cm
Net weight	350 g
Gross weight	440 g
Catalogue page	187

For additional tensioning of awnings, bag awnings and tents in bad, windy weather to support the awning extension arms. Is attached to the awning by means of the supplied T-connector in the piping rail or hooked directly onto the tent pin and tensioned to the ground. The system is closed and cannot get loose by itself. It is nonetheless easy to dismantle by unhooking the T-connector in the eyelet.

The tie strap is manufactured circularly and can be adjusted between 1.5 and 3 m. Due to its signal effect, it can be easily spotted even in twilight. Suitable for screw pegs N, L, LA, HC, anchor plates and F&G AntiFlap (optional).

Scope of delivery: 1 strap with fixed relief spring, 1 T-connector.
