

Item no. 323/516

Manufacturer's no. 40-111-1078

Magnetic Power Bank Rapid, 5000 mAh

ECOFLOW

Information

Dimensions	108x13x70 mm
Pack size	13x7.5x2.3 cm
Net weight	175 g
Gross weight	200 g

- **Qi2 15 W wireless charging:** enjoy the convenience of 15 W wireless charging, which is twice as fast as charging with Qi1 7.5 W – with Qi2 certification for fast, safe and efficient charging.
- **Ultra-fast charging with integrated 30 W/65 W cable:** thanks to the integrated 30 W/65 W cable, no additional cable is required for fast charging. Experience the magnetic ease of maximum charging speed wherever you go.
- **Rapid charging:** with a power output of 30 W/65 W and a charging time from 0% to 70% in less than 33 minutes, you can quickly be on your way.
- **Integrated stand for versatile use:** the stand offers both an upright and a side viewing mode, enables hands-free use and also serves as a table stand.
- **Smart digital display (only 10,000 mAh):** experience ultimate control with the dynamic display of this power bank. With smart app control, you can view the charging speed as well as the energy delivered and even personalise your display.
- **Smart app control (only 10,000 mAh):** in addition to more detailed information about the charging process, you can activate the „Healthy Charging Mode“ to extend your battery's service life. If you lose your power bank, you can

Specifications

Battery technology	Li-Ion (Lithium-Ion)
Capacity	5000 mAh
