The Ellie Retro string lights provide atmospheric lighting with a touch of nostalgia. Spread over 3 metres in length, they impress with a pleasantly warm white light and a striped cord in retro design, which visually enhances any outdoor or indoor area.

Thanks to the stepless dimming function, you can individually adjust the brightness – from a gentle ambience to bright accent lighting. The E14 sockets allow for easy replacement of individual bulbs, making Ellie particularly durable.

As weatherproof string lights, they are ideal for balconies, terraces, gardens or campsites. Up to three string lights can be connected together to illuminate larger areas harmoniously.

Advantages:

- Warm white, dimmable light
- Stylish striped retro cord
- Replaceable E14 bulbs
- Weatherproof and extendable up to three strings
