Microfibre Cloth Two Cut Twisted

Information

Dimensions	80x50 cm
Pack size	31 x 22 x 7 cm
Net weight	490 g
Gross weight	620 g
Catalogue page	413

The microfibre cloth Two Cut Twisted is the first choice when you want to dry large surfaces. You can even clean larger vehicles, such as caravans, with just one cloth. The Twisted microfibre with a high fibre density of 1,200 gsm* absorbs an extremely large amount of water and leaves a perfect result after the first wipe. There is no need to wipe back and forth several times, which also protects the paintwork and keeps it looking like new for a long time. Even on foils or metal and plastic parts – the result is always great!

Thanks to its size of 80 x 50 cm, the Two Cut Twisted is sufficient to dry the entire paint surface of a car. The twisted fibre is completely lint-free and leaves a streak-free dry finish.

Like all fens cloths, the Two Cut Twisted is more than just a cloth. Simply put your hand through the integrated hand slits (cuts) and from then on the microfibre cloth sits firmly on your wrist. It will no longer fall off. Always clean and ready to use, because you can now work with four independent sides one after the other. It could not be more convenient. This makes it especially easy for you to work on the sides and lower areas of your car or caravan. In addition, the cuts ensure that the cloth does not fall into the dirt or drag on the floor. Dirt in the cloth and thus scratches in the paintwork are

Specifications

Colour	grey, red
Textile material	20% PA polyamide, 80% PES polyester

now a thing of the past.
