

Item no. 310/690
Manufacturer's no. 1030

Non-Stick Baking Tin, 2 l

Information

Dimensions	6.5 x 25 cm
Pack size	29.8 x 26.3 x 7.2 cm
Net weight	180 g
Gross weight	200 g
Catalogue page	663

The Omnia baking tin with a ceramic non-stick coating is easy to clean. Thanks to the coating, the food that is prepared in the tin does not stick to it. Contrary to uncoated baking tins, an extra stable base material was used. This made it easy to bond it with the ceramic coating. Please note: you need an Omnia oven to be able to use the non-stick baking tin.

Instructions for use: be careful with sharp and pointed objects. Metal objects can damage the non-stick coating. Plastic utensils are recommended for cooking. Do not use the tin to bake with lye. Withstands temperatures of up to 250 °C (higher heat may cause the non-stick coating to weaken).

Material: PTFE-free ceramic coating, approved by TÜV-Süd.

Specifications

Colour	silver grey
Volume	2 l
Material	aluminium
Type	Classic
