Manufacturer's no. EU-10010020

Sealing Toilet Clesana C1 with L Adapter

Information

Dimensions	363x515x516 mm
Pack size	58.5x56x37.5 cm
Net weight	13.8 kg
Gross weight	16.34 kg
Catalogue page	474

The innovation in the field of mobile sanitary solutions

Discover the revolutionary Clesana C1, the first mobile, waterless toilet with bag sealing. This innovation can be easily installed and retrofitted using an L-adapter. Enjoy the familiar comfort and highest cleanliness even far away from campsites.

Thermal pressure sealing for excellent hygiene

Thanks to the „thermal pressure sealing“, a process originating from medical technology, waste is securely and hygienically packaged. This system, originally developed for a project of the Swiss Federal Office for the Environment, protects waters from contamination by medication residues, hormones, and chemicals.

Water-saving

Today, the Clesana system is successfully used in clinics and offers the best environmental compatibility in the camping sector without compromising on hygiene. Save significant amounts of water and avoid sanitary additives.

Technical data:

- Standby power consumption: 0.28 W

Specifications

Colour	white
Material	ABS acrylonitrile butadiene styrene
Nominal voltage	12 V
Nominal current	22 A
Seat height	47.8 cm
Type	C1 L

- Energy consumption during sealing process: 0.55 Wh

Scope of delivery:

- 1 barrier film liner
- 1 pack of super absorbers

The Clesana C1 is delivered with accessories for initial equipment and offers you a forward-looking solution for mobile sanitary needs.

With L adapter for retrofitting most cassette toilets.
