Solar Table Lamp Ranger 150 lm

Information

Dimensions	29x20.5 cm
Pack size	29x20x20 cm
Net weight	580 g
Gross weight	700 g

The solar table lamp Ranger combines modern design with practical functionality. The sturdy steel frame and plastic lampshade give it a distinctive industrial charm. Warm white LED light provides a pleasant atmosphere, available in three brightness levels. With up to 25 hours of illumination, the lamp offers long-lasting light – ideal for garden, terrace or camping. The integrated Li-ion battery can be charged via solar panel or USB cable. A golden pull cord serves as a stylish switch.
