The standard wide-neck canister with handle is the perfect choice for the safe transport and storage of liquids.

The canister is equipped with a DIN 96 closure, ensuring easy and safe handling. Additionally, it features a 3/4" thread that remains unopened to maximise sealing.

Made from food-safe polyethylene, the wide-neck canister is not only particularly robust but also suitable for safe contact with food.

This makes it the perfect choice for a variety of applications. The convenient handle ensures that the canister is easy and comfortable to transport.
