Microfibre Cloth soft touch 3 pcs

SONAX®

Information

Dimensions	40x40 cm
Pack size	25.5x21.2x5.1 cm
Net weight	193 g
Gross weight	298 g

The Soft Touch microfibre cloth set of three is ideal for demanding cleaning and care tasks on vehicles. The particularly soft microfibres ensure high water absorption and a pronounced adsorption capacity, reliably picking up dirt, polish residues and moisture.

The detailing cloth is versatile: it supports streak-free wiping of polishes and sealants as well as thorough interior cleaning. Dissolved dirt is effectively absorbed without damaging delicate surfaces.

For especially gentle use, the edges are hemmed. This significantly reduces the risk of wiping scratches. The Soft Touch microfibre cloth is thus a practical solution for vehicle care, focusing on clean results and material protection.
