Item no. 323/597
Manufacturer's no. 9620017453

All-In-One Solar System Power Black Line, 1, 130 Wp

BÜTTNER DOMETIC

Information

Dimensions	1335 x 530 x 66 mm
Pack size	130 x 63.5 x 17 cm
Net weight	10 kg
Gross weight	10 kg
Catalogue page	595

Specifications

Number of panels	1
Nominal power solar panel(s)	130 Wp
Nominal voltage	12 V
Daily output	440 Wh
Type	MT 130 MC

Absolute top performance, even under adverse conditions! Power Black Line is in a class of its own. This is ensured by an innovative glass surface combined with 80 high-performance cells – 8 more than the previous Black Line series. Thanks to a special wiring configuration, the 8 additional cells create optimal conditions for the MPPT solar charger. In conjunction with this control technology, Power Black Line solar panels achieve maximum power output – in every climate zone and with minimal space requirements.

- 2 panels in one: 2 × 40 monocrystalline high-performance cells with intelligent wiring
- Less sensitive to partial shading: if one half of the panel is shaded, the other half still delivers half the power.
- 8 additional cells provide higher voltage and greater output power with the MPPT solar charger.
- Up to 25% higher Wp performance than a high-quality Black Line multicell solar panel of the same dimensions.
- Optimal energy yield under all weather conditions thanks to multicell technology.
- Special front glazing for maximum solar yield in unfavourable light conditions.
