

Item no. 303/102
Manufacturer's no. LP1010

Impeller Pump LP1010, 12 V, 30 l/min

Information

Dimensions	170x98x119 mm
Pack size	31 x 15.5 x 13.5 cm
Net weight	2.1 kg
Gross weight	2.3 kg
Catalogue page	441

With the LILIE impeller pump LP1010, you receive a versatile, robust and efficiently designed pump – ideal for draining or transferring a wide variety of liquids.

Advantages:

- **Universally applicable for draining or transferring** – reliable and flexible, even under changing operating conditions.
- **Robust and simple construction** that withstands harsh conditions and significantly eases handling.
- **High efficiency** – the pump operates efficiently and ensures effective performance.
- **Empties the tank almost completely**, nearly to the last drop – practical for precise dosing or residual emptying.
- **Dry self-priming** – the pump requires no additional priming, simplifying installation and use.
- **Insensitive to solids in the medium**, allowing reliable operation even with slightly contaminated water.
- **Suitable for intermittent operation** – the motor design is intended for variable use. Continuous operation is not recommended.

Specifications

Connection	½"
Pressure	0.3 bar
Static head	0.1 m
Output	30 l/min
Nominal capacity	120 W
Nominal voltage	12 V
Nominal current	10 A
Type	LP1010

- **Motor service life approx. 2500 operating hours**
