Storage & utensil shelf for motorhomes and caravans

This organisation system for the storage hatch ensures structured and space-saving storage in motorhomes, caravans, vans or boats. The practical storage and utensil shelf is ideal for neatly stowing smaller items that need to be readily accessible at all times.

Made from sturdy plastic, the storage hatch shelf impresses with its robust construction and easy-to-clean white surface. Its compact dimensions allow for simple installation in almost any storage hatch without wasting valuable storage space. At the same time, the shelf offers ample room for tools, cleaning supplies, cables, adapters or travel accessories.

Thanks to its simple design, the organisation system blends harmoniously into various vehicle interiors and ensures lasting clarity. Especially when travelling, camping or in everyday mobile life, the utensil shelf supports thoughtful organisation.

Advantages:

- Organisation system for the storage hatch made from high-quality plastic
- Robust, durable and easy to clean
- Discreet white appearance suitable for any interior
- Ideal for motorhomes, caravans, vans or boats
