Rain Gutter RainTec RT 200 for VW Crafter

Information

Dimensions	162.8 x 1.6 x 3.2 cm
Pack size	162.7 x 3.7 x 3.7 cm
Net weight	420 g
Gross weight	1.01 kg
Catalogue page	361

The RainTec 200 rain gutter with COB LED light offers a practical and elegant solution to the problem of receiving an „automatic shower“ when opening the sliding door in the rain.

Made from high-quality, powder-coated aluminium in stylish black, it reliably directs rainwater to the side, ensuring dry areas. The integrated **COB LED strip light** provides uniform, glare-free illumination without visible individual LEDs. With its warm white light colour of **3000 K**, it creates a pleasant and inviting atmosphere.

The lighting can be conveniently controlled and dimmed continuously via the **included remote control**. With an impressive **service life of 50,000 hours**, the RainTec 200 is durable and ideal for continuous use.

The set consists of the rain gutter, a remote control and the appropriate installation materials – perfect for easy retrofitting and an ideal addition to any vehicle.
