Net weight	900 g
Gross weight	1 kg

Versatile multifunctional blanket – a must-have for every adventure

Whether you are relaxing at home, seeking shelter while camping or enjoying a spontaneous picnic in the park – this multifunctional blanket is the ideal companion for all situations. Its innovative design allows you to use it as a blanket, a cape, a poncho or even as a sleeping bag.

By simply tying the sides together using the convenient press studs, the blanket can be transformed into a cosy sleeping bag in a flash. If you pack it into the sewn-in pillowcase, you quickly have a soft pillow – perfect for any journey. The zip on one of the short sides makes it easy to convert the blanket into a pillow.

The cosy fleece inside promises warmth and comfort on chilly nights, while the outside made recycled material is dirt-repellent.

Easy to clean and very convenient, the blanket can be washed at up to 40 °C to keep it fresh and inviting. Made from Featherlight fibre filling (160 g/m²), which consists of 50% recycled polyester, the blanket offers an alternative that does not compromise on quality.

Enrich your excursions with the multifunctional blanket – a faithful companion that combines comfort and functionality.
