Manufacturer's no. REC040010210R

Remote Control Panel for Inverters – Inverter Control VE.Direct

Information

Dimensions	6.5x6x3 cm
Pack size	7x6.5x4 cm
Net weight	35 g
Gross weight	120 g
Catalogue page	582

The Victron inverter control VE.Direct enables you to conveniently remote control compatible VE.Direct inverters. A practical switch allows you to easily turn the inverter on and off or set it to the energy-saving ECO mode (depending on the model). Ideal for installations where the inverter is difficult to access – for example, in motorhomes, boats or off-grid systems.

It is connected via a VE.Direct cable (sold separately). Thanks to its compact design, the remote control is quick and easy to install – ideal for mobile and stationary use.

- Simple remote control of VE.Direct inverters
- Switching position: on/off/ECO (model-dependent)
- Compact design, easy to install
- Perfect for mobile and stationary applications

Specifications

Colour	grey
Nominal voltage	12 V
Type	VE.Direct
