Pack size	17 x 14 x 9 cm
Net weight	200 g
Gross weight	230 g
Catalogue page	419

The reliable filter for clean drinking water on the road. Easy-driver myclean®water fights microorganisms such as bacteria, pseudomonads, legionella, fungi and protozoa. With its micro-fine membrane, the safe filter ensures 99.99999% bacterial retention. For clean drinking water and pure refreshment. Tested according to ASTM F838-20.

Connect the filter to the pipe system or the end of the filling hose, depending on the set. Then you can just let the water flow! Easydriver myclean water takes care of everything else. After one camping season (or after 12 months), only the filter cartridge needs to be replaced – the housing can be used again. The clever cartridge system reduces plastic waste by 80%.

Scope of delivery: cartridge housing, filter cartridge, 2 connections
