

Item no. 323/930

Manufacturer's no. RNG-MTS-CE-G1-DE

Roof Cable Routing

Information

Dimensions	9.9x8.8x5 cm
Pack size	12 x 10 x 5 cm
Net weight	110 g
Gross weight	220 g

This roof cable routing allows for secure and watertight cable routing on the vehicle roof. It is UV-resistant and specially designed for solar panels with aluminium frames.

Thanks to its simple, flexible installation and compatibility with Renogy solar panels, it is ideal for use in caravans or motorhomes.
