Omnia Oven Kit 2 – the perfect camping oven

Discover the Omnia Oven Kit 2 – the ideal portable oven for all camping enthusiasts. This convenient camping oven does not require its own heat source. Simply place it on the stove and enjoy the versatility of a real oven for quick reheating, baking and cooking.

Perforated baking tray

Thanks to the ceramic non-stick coating, nothing sticks. The small holes in the tray ensure that nothing can fall through and even heat distribution is guaranteed.

Protective cover

The kit includes a soft protective cover that safely stores and protects your oven and accessories.

6-pack of silicone moulds

The 2 half and 4 quarter silicone moulds are perfect for preparing or reheating several dishes at the same time. The non-stick surface makes washing up easier and ensures that nothing sticks.

Carrying handle

A clever and practical carrying handle rounds off the set and makes the Omnia mould easy to handle.

Specifications

Material silicone

The Omnia Oven Kit 2 is the ideal companion for all your outdoor adventures and perfect for convenient and versatile cooking outdoors.
