The Weyer washing brush with hose connection impresses with its high-quality workmanship, easy handling and a multitude of innovative features:

- Brush width approx. 30 cm
- A 360° turning head makes it easy to clean hard-to-reach corners

- 2 integrated spray nozzles
 - 1 strong spot spray (for stubborn dirt)
 - 2 m wide flat spray
- Hose connection compatible with all common hose connector systems
- Quick-release coupling system for Wever water flow rods

With additional adapter for direct connection to the hose

- Stop function
- Rubber edge protection
- Available with 3 different types of bristles
- Brush head consumes 50% less water than conventional models

Ideal for cleaning tiles, floors, workshops, facades, pools,
