Ventilation Grille for Truma Eezy

Information

Pack size	12 x 11 x 3.2 cm
Net weight	90 g
Gross weight	98 g
Catalogue page	535

Simple heat without hot air distribution

The ventilation grille for Truma Eezy allows you to operate the electric heater without hot air distribution. The heated air flows directly from the heater into the living space – ideal for smaller vehicles or spot heating. It is quick and easy to install, and perfect for flexibly using the Eezy heater.

Simple, efficient, direct – the right accessory for maximum heating performance!
