Manufacturer's no. KS001

UniRope Universal Rope, 10 m

 **Solutions GmbH**
ROPE & YACHT EQUIPMENT

Information

Dimensions	10 m x 8 mm
Pack size	15.9 x 15.6 x 9.2 cm
Net weight	280 g
Gross weight	330 g
Catalogue page	76

Versatile universal rope. The gaps in the rope developed by a special braiding method allow everything from securing cargo to hanging a hammock – in just 3 steps and without any annoying knots! The UniRope universal rope is a robust and innovative alternative to standard ropes.

Adjustable knots

Thread one end of the rope through three loops and adjust by pulling. Once the rope is under tension, friction prevents the knot from unravelling.

Fixed knots

Thread one end of the rope through the same loop twice and tighten. Also suitable for tightening an adjustable knot. Can be loosened by counterpressure.

Specifications

Colour	black
Content	1 piece
Material	PP polypropylene
Max. load	250 kg
