Gross weight	14 kg

Compact, comfortable, flexible

The cassette toilet CT 4000 with console CTES 4110 from the Dometic CTE 4000 series impresses with a modern, compact design and high seating comfort. Visually, the toilet is based on the proven previous models and fits harmoniously into various bathroom layouts of motorhomes and caravans.

A special feature is the **360° rotatable seat**, which allows flexible adaptation to different spatial situations. This makes the cassette toilet ideal for vehicles with limited space.

Thanks to a **scratch-resistant, hygienic plastic inlay** and simplified electronics, the weight has been reduced by around 3 kg compared to earlier models. This not only has a positive effect on the overall weight of the vehicle but also ensures an attractive price-performance ratio.

The **19-litre waste tank** offers sufficient capacity for everyday camping use. A clear control panel with **flush function and fill level indicator** enables comfortable and intuitive operation.

Highlights:

- 360° rotatable seat for optimal use of space
- Scratch-resistant, easy-to-clean and hygienic plastic inlay
- Waste tank with a capacity of 19 l

Specifications

Colour	white
Capacity waste tank	19 m ³
