Seat Base Safe Renault Master

Information

Dimensions	33.5x13x30.5 cm
Pack size	52.5x47x36.5 cm
Net weight	12 kg
Gross weight	13 kg
Catalogue page	379

The mobile safe is made of 2.5/3 mm SM steel and is coated with an impact- and scratch-resistant powder. The door is made of 5 mm SM steel and has a double-bit security lock. The lock is a German brand product with 7 tumblers. A manganese-hardened lock plate prevents drilling. Due to the 2 cm inner door, the mobile safe cannot be pried open. In addition, the door is secured with a rear handle bracket. This seat base safe is screwed to the rear factory screw connection of the seat console. Access to the safe via the openings in the side of the console. The safe can be installed under the driver or passenger console.
