roadbag® & ladybag® – the practical disposable toilets for on the go

Whether you are stuck in traffic, camping, at a festival or travelling – with roadbag® (for men and boys) and ladybag® (for women and girls), you can always stay relaxed on the move.

Both disposable urinals are handy, safe, hygienic and ready to use immediately. The inner bag contains a superabsorbent (polymer crystals) that quickly binds up to 1000 ml of urine and turns it into a solid, odourless gel – hygienic and without skin contact. After use, simply seal with the adhesive strip and dispose of in the residual waste. When stored cool and dry, they have an almost unlimited shelf life.

Do not use while driving! Children should only use it under supervision.
