

Item no. 320/825

Manufacturer's no. 97942112L1bst + SP-1

Surface-Mounted Spot Flame 88 Touch Master

Information

Dimensions	15 x 88 mm
Pack size	11.3 x 10.8 x 3.1 cm
Net weight	69 g
Gross weight	69 g

The surface-mounted spot Touch Master is characterised by its innovative touch control, which includes not only the on and off function but also a dimming function. Made of brushed steel, it features an acrylic ring that provides indirect lighting.

Equipped with a total of 21 high-performance SMD diodes, the Touch Master serves as a central element in a lighting system. It allows for the connection of up to five additional Flame 88 Touch lights, whose functions can also be controlled individually by each Flame 88 Touch.

Specifications

Alignment	upper part
Energy efficiency class	F
Colour	steel grey
Content	1 piece
IP protection class	IP66
Luminous flux	64 lm
Nominal capacity	1 W
Nominal voltage	12 V 24 V
Type	Flame 88
