Bathroom Cleaner „Weniger ist mehr“ 475 ml

HAKA®

Information

Dimensions	20x7 cm
Pack size	20x7x7 cm
Net weight	480 g
Gross weight	528 g

Powerful against limescale, gentle on materials

With the **HAKA bathroom cleaner „Weniger ist mehr“** (less is more), your bathroom becomes effortlessly limescale-free and hygienically clean. The formula containing lactic acid removes limescale, dirt and soap residues. Depending on the level of soiling, leave it to work for a short while and then rinse off.

Advantages:

- **Economical:** 95 times cleaning power in a small bottle
- **Effective:** strong against limescale, no hard scrubbing required
- **Skin-friendly:** gentle on skin, respiratory tract and surfaces

Versatile

Be it **bathtub, shower, washbasin, tiles, fittings or toilet** – the bathroom cleaner ensures radiant cleanliness throughout the bathroom. Even sensitive materials such as glass, acrylic and stainless steel sinks are thoroughly cleaned while being protected.

Gentle on skin and materials

The bathroom cleaner is dermatologically tested (“very good” by DERMATEST), vegan and especially gentle. This makes it

suitable for delicate surfaces and ensures a clean result without irritating the respiratory tract.

Recommended usage

Apply two to three sprays (approx. 5 ml) onto a damp cloth, wipe the surface, rinse and then polish with a dry universal cloth. For heavy soiling, a longer application time may be helpful. The small opening in the cap supports economical dosing.

Please note: not suitable for acid-sensitive materials such as marble, limestone or artificial stone. On sensitive surfaces, test on an inconspicuous area first and rinse thoroughly. Do not use with chlorine-containing cleaners or bleaches. Pre-wet joints before use.
