Tank Cleaner Puryclean

Yachticon
Einfach gute Pflege®

Information

Dimensions	7 x 18 x 5 cm
Pack size	18 x 7 x 5 cm
Net weight	540 g
Gross weight	600 g
Catalogue page	418

This wastewater tank cleaner is used for cleaning wastewater tanks and sewage systems, preferably at the end of the season.

It cleans septic tanks and independently removes most types of deposits, thereby eliminating unpleasant odours. The cleaner is very economical as it is a concentrate.

- Independently removes most types of deposits
- Easy to use
- Very economical as it is a concentrate

Dosage:

- Completely empty your wastewater tank.
- Use approximately 100 g of Puryclean per 20 l of tank capacity.
- Dissolve the corresponding amount of Puryclean in about 5 l of lukewarm water.
- Pump the solution into the tank.
- Fill the tank with water so that the tank walls and pipes are also covered by the solution.
- Allow the solution to stand for about 24 hours.

Specifications

Content	500 g
Type	Puryclean

- Then pump out and rinse with water.
- If heavily soiled, the process should be repeated.

To prevent unpleasant odours during the summer, you should regularly use Purysan.

Tip: should always be used at the end of the season as well, before the dirt sets firmly during the winter months.
