Sealant PROFILINE Ceramic Coating CC Plastic + Rubber Set

SONAX®

Information

Pack size	12.2 x 9.2 x 6.3 cm
Net weight	50 g
Gross weight	140 g
Catalogue page	412

SONAX PROFILINE CeramicCoating CC Plastic + Rubber is a modern sealant based on Si-Carbon technology and visibly refreshes unpainted plastic parts on the exterior. It provides reliable protection. Ideally suited for trim strips and bumpers as well as for tyre care. The extremely flexible coating protects against UV-induced fading and ensures highly water- and dirt-repellent surfaces – with very easy application.

Advantages:

- Refreshes and protects unpainted exterior plastic parts (e.g. trim strips, bumpers)
- Also suitable for tyre care – extremely flexible
- UV protection against fading
- Distinct beading effect: water- and dirt-repellent
- Long-lasting: durability up to 24 months
- Low consumption: approx. 10 – 15 ml per m²
- Set includes 4 application pads

Application:

1. Thoroughly wash the vehicle and dry completely.
2. Spray SONAX Profiline Prepare (450/018) onto a clean soft touch (450/022) microfibre cloth and carefully wipe the surfaces to be treated.

Specifications

3. Before sealing, the surfaces must be absolutely clean and free of water.

4. Put a few drops of CC Plastic + Rubber onto the soft foam side of an application pad and apply thinly in small sections. Recommendation: Mask off contact points on the bodywork beforehand to prevent product from getting onto the paint. If product does get on the paint: immediately wipe off with the microfiber cloth used for preparation.

5. After approx. 3 – 5 minutes, wipe off excess product with a new soft touch microfiber cloth.

6. Then allow to cure for at least 6 hours. During this time, keep dry and do not touch the surfaces. For optimal effect: leave to rest for 12 hours to allow the full reaction with the surface.

Care instructions

Use pH-neutral shampoos for washing. Avoid alkaline cleaners.

Safety instructions

Ensure good ventilation during application.

Scope of delivery: SONAX PROFILINE Ceramic Coating CC Plastic + Rubber, 50 ml, 4 application pads
