The Dometic PLB 15 is a highly efficient and powerful lithium iron phosphate battery with a capacity of 15 Ah. It delivers up to 192 Wh at 12 V and powers portable electronic devices such as cool boxes, laptops, mobile phones or cameras. Thanks to its light weight, compact dimensions and ergonomic design, it is ideally suited as a power source for outdoor use. The versatile power bank is equipped with a 12 V, a USB-C and a USB-A output, allowing multiple devices to be charged simultaneously. Furthermore, the PLB15 can be recharged through various options: via the USB-C input from a mains socket, in cars and with the DC input for coaxial cables using solar power. IP44.
