Net weight	240 g
Gross weight	420 g

Extension folding canister with screw cap (without integrated valve closure)

Practical replacement and extension canister with screw cap, suitable for both Simply-Collect grey water collection systems. The version without an integrated valve closure is ideal as an additional collection or replacement solution and can be used flexibly.

The robust folding canister is space-saving to store and comfortable to carry thanks to the double handle. Ideal for use in campers, vans or caravans.

The extension set consists of:

- 1 folding canister with practical double handle
- 1 screw cap for the folding canister
