

Item no. 322/420
Manufacturer's no. 61569

Fuse Box Combination Fuse RCCB and MCB

Information

Dimensions	5x13x8.2 cm
Pack size	14x9x5.5 cm
Net weight	300 g
Gross weight	300 g

This combination fuse box with RCCB and miniature circuit breaker (MCB) provides reliable personal and line protection in caravans. The two-pole RCCB (1+N) with 30 mA Type A trips quickly in case of fault currents, while the MCB with C-characteristic protects cables from overload and short circuit.

- For caravan installation in plastic housing
- 230 V/16 A, 50/60 Hz
- RCCB: 30 mA, Type A, 2-pole (1+N)
- MCB: C-characteristic

Specifications

Nominal voltage	230 V
Nominal current	16 A
pin	2 pin
