Self-sufficient power supply for on the go

With the **all-in-one solar system Profi Pack**, you are perfectly equipped to generate independent electricity while on holiday. This powerful set provides everything necessary for an efficient and long-lasting solar solution – perfect for motorhomes, caravans and boats.

Powerful components for maximum efficiency:

- **Solara S-Series panel** – high-quality solar panel with a stylish black frame profile for optimal energy yield.
- **20 A charge controller** – intelligent battery care with LED display for the current charge status.
- **Black ABS mounting spoiler** – stable and secure attachment with waterproof roof cable routing.
- **UV-resistant cable with MC4 connector system** – weatherproof connections for maximum durability.

Benefit from a self-sufficient power supply – perfect for journeys away from external power sources.

The adhesive set has to be ordered separately.
