

Item no. 610/145
Manufacturer's no. PP01

PP Screw Peg Peg&Stop S

Information

Dimensions	16x4.5 cm
Pack size	18.7 x 15.4 x 5.1 cm
Net weight	145 g
Gross weight	178 g
Catalogue page	72

Fibreglass-reinforced, infinitely height-adjustable screw peg with lock nut as an addition to the Fix&Go anchor plate 2.0. The innovative screw peg is screwed in via cordless screwdriver or by hand – until there is sufficient hold and the screw no longer has any propulsion. At this point, all you need to do is reach for the stop nut and a short, slight turn to the right builds up the counterpressure to the plate. This fixes the plate immediately and smoothly. Contents: 6 Peggys P&S 16 cm long with 6 stop nuts, spanner size 17 mm, torque max. 25 Nm.
