

Item no. 320/417

Manufacturer's no. 11737400008

Multifunctional Telescopic Battery-Powered Camping Light UL 400 AT

Information

Dimensions	30x6.6 cm
Pack size	33.3x7.7x7.8 cm
Net weight	670 g
Gross weight	700 g

The UL 400 AT battery-powered camping light is the perfect companion for all outdoor activities. With a brightness of 300 lm, it provides optimal lighting in any environment. Thanks to its IP44 protection class, the light is splash-proof and therefore ideal for outdoor use. The interchangeable battery offers maximum flexibility and can be conveniently recharged via the USB-C/C port. Robust, versatile and durable – this outdoor light is a must-have for anyone who needs reliable light on the go.
