DOMETIC

Information

Dimensions	150x1.6x3.2 cm
Pack size	152x14.5x5.5 cm
Net weight	420 g
Gross weight	1.01 kg
Catalogue page	361

If you have ever opened a sliding door in the rain, you have experience with receiving „automatic showers“. That is why Dometic offers a sturdy retrofitted rain gutter made of powder-coated aluminium in black. It directs rainwater sideways and is also equipped with an innovative COB LED strip light. Instead of showing individual LEDs, the rain gutter shines evenly. You can continuously control and dim the light with the remote control. The rain gutter is delivered as a complete set with remote control and installation materials for the rain gutter.

Light source: COB LED diodes. Light colour: 3000 K (warm white).

Service life: 50,000 hours.
