Maximum security for your vehicle

The AMS Kombi Alarm Compact offers ideal protection for caravans, motorhomes and lorry cabs. This state-of-the-art alarm system detects narcotic gases in minimal concentrations before they can have a narcotic effect.

Reliable protection against explosions

For gases such as butane, propane and methane, the response threshold is well below the lower ignition limit, effectively preventing explosions.

Efficient and user-friendly

Thanks to its low power consumption of just 90 mA in idle mode and 145 mA in alarm mode, the Kombi Alarm Compact is efficient. The fully automatic adjustment of the sensitivity thresholds ensures maximum safety and ease of use. Incl. on/off switch.

Ideal for compact spaces

Perfect for use in vehicles with little space. Protect yourself and your companions reliably with the AMS Kombi Alarm Compact.

Specifications

Nominal voltage 12 V
