Holder Set Happy Camper Bag

Information

Pack size	30x22x5 cm
Net weight	290 g
Gross weight	300 g

The holder set Happy Camper bag is the practical all-in-one solution when you want to securely attach tarpaulins, side walls or canvas awnings to your caravan, awning or canopy. The handy bag contains **2 MUFU light**, **2 Quick Links** and **8 Clever Clips** – ideal for camping, festivals and outdoor use.

The multifunctional holder **MUFU light** fits into any standard 6 – 7 mm piping rail. It impresses with its sturdy construction, versatile applications and tool-free handling. Simply slide it into the piping rail, fix it in place and you have a flexible attachment point exactly where you need it.

The **Quick Links** are hooks made of stainless aluminium. They can be used almost anywhere, for example on loops, eyelets, cords or poles. This way, they complement your camping holder set with additional robust connection and hanging options.

The **Clever Clips**, made of durable plastic, securely and reliably hold tarpaulins, side walls or canvas awnings in place. Especially in windy conditions at the campsite, this fastening accessory ensures that everything stays where it belongs.

With the holder set Happy Camper bag, you have a compact, lightweight and well-thought-out fastening kit for camping and outdoor use that keeps things organised and makes setup significantly easier.
