The travel adapter is perfect for travelling and holidays. The housing is made of at least 20% recycled material. In addition, the travel adapter not only features increased touch protection but also impresses with the following characteristics:

- Adapter for connecting electrical devices with Italian plug systems in countries with protective contact socket systems such as DE, FR, BE, CZ, PL, NL, ES, PT, SE, FI, NO, GR, TR, AT ... (Please note that there are sometimes multiple plug systems in different countries and Brennenstuhl does not guarantee that the travel plug will be suitable for all plug systems in a country.)
- The plug adapter is not a voltage and frequency converter.
- Max. load 16 A/250 V
- Protection class: IP20
- Plug system plug: Type E and F
- Plug system socket: Type L (IT)
