Clean water on the go

With this LILIE cartridge, you ensure a reliable water supply when camping, in your motorhome or on a boat. The three-stage filtration system consisting of a pre-filter, activated carbon and post-filter removes coarse dirt particles, reduces contaminants and even retains fine suspended solids. This way, you can enjoy fresh water at any time with optimal flow and minimal pressure loss.

Features:

- Triple filtration system: pre-filter, activated carbon, post-filter
- Suitable for moderately contaminated water
- Retention rating: 5 µm
- Flow rate: max. 19 l/min
- Pressure loss: max. 0.6 bar
- Service life: up to 25,000 l or 6 months
