The Thetford separation toilet is the smart choice for modern, off-grid camping. The toilet system separates urine and solid waste and operates without water. This offers you more freedom and is a practical solution for adventures far from civilisation. The waste can be easily emptied without relying on fixed disposal stations. Odour control, hygienic waste disposal and easy-to-clean surfaces ensure daily comfort, no matter where your journey takes you.

A fully functional separation toilet as an alternative to the cassette toilet C260.

Advantages:

- Patented flap for visually covering waste – the lever can be placed either on the right-hand or on the left-hand side
- Ergonomically optimised bowl
- Easy to install with complete toilet bowl
- Urine tank with fill level indicator
- Leakproof connection for optimally emptying the urine tank
- Optional active ventilation

The urine canister has a capacity of 7.5 l and the solids con-
