Quick relief for itching

The insect bite healer CH3000B provides effective relief after insect bites. Targeted heat treatment reduces itching within seconds and swelling can subside. The effect is based on experience; scientific confirmation is not available.

Advantages:

- **Fast-acting:** targeted heat soothes itching and skin irritations in a short time.
- **Rechargeable:** thanks to the integrated **Li-ion battery** and **USB-C port**, the device is always ready for use – no extra batteries required.
- **Compact and handy:** ideal for on the go, camping, hiking or in the garden.
- **Family-friendly:** suitable for adults and children from 3 years old.
- **Versatile:** practical for at home, outdoor activities, travel or in a first aid kit.

The insect bite healer CH3000B offers a simple, clean solution for relieving insect bites.
